Blessed to be a Blessing

Compiled by Dinorah Rivera, Women's Ministries Director for the Inter-America Division, the material packet for the Women's Ministries Emphasis Day 2018 includes a sermon called "Blessed to be a Blessing" as well as a number of seminars. The Women's Ministries Emphasis Day is planned for June 9, 2018, with the intention that women present the work they do with the Women's Ministries Department in the worship services on that Sabbath. Women's Ministries Seminar in Mondsee, February 1-4, 2018

07. February 2018

A weekend filled with 10 seminar units doesn't sound much like a relaxing women's retreat. But that is what it turned out to be for many of the women. The participants came with happy expectations and were not disappointed. They recharged their batteries while learning about the love of God and how to share it through

Claudia is a harpist. Her music gave her the strength in difficult times when she had to care for her six children alone. But God was always with her. That was something she noticed in many ways. Claudia can say like Job: "I know that my Redeemer liveth!" Her search for a spiritual home took many years but finally she found a place where she knows God wants her to be. She found her place through the Hope

Channel. Claudia Forster has enriched Women's Ministries events with wonderful music on her harp. Most recently she was involved in the musical program of the Women's Ministries Congress in...

29. January 2018

After a period of so-called “sleep” the women of the Adventist church in Grosseto had the strong desire to revive the local Women’s Ministries, fully uniting objectives and philosophy. The women wanted to celebrate the rebirth of the Department with a special Sabbath of spiritual revival and the will to reach out to other women and to present them the

gospel in feminine ways. An “emblematic” and exquisite cake was the setting of this celebration. May God bless Viviana Balabanian (the new WM director) her team and all the women involved so that the enthusiasm will continue. According to a...
